When he would speak it was as if light was emanating from his front two teeth."

2. Imam Tabarani (d. 360 AH) رَحِمَهُ اللَّهُ extracted a narration from Abu Qirsaafah who stated, "We pledged allegiance with the Messenger of Allah صَلَّى اللَّهُ عَلَيْهِ وَآلِهِ وَسَلَّمَ, myself, my mother and my maternal aunt. When we returned, my mother and maternal aunt said to me, "O son, we have not seen anyone with such a beautiful face like this man nor have we seen anyone with cleaner clothing nor have we seen anyone with softer speech. We saw as though light is leaving his blessed mouth."
